By April 30<sup>th</sup> of each year, each taxing district must provide the County Assessor with the date of their Public Budget Hearing Date.

You can locate the dates of each taxing districts hearing on your annual assessment notice. Notice are mailed and can be found online at:

<https://adacountyassessor.org/propsys/TermsConditions.jsp>

Public participation in the budget process is vital to holding taxing districts accountable for spending. Please take the time to understand each districts budgets and participate.

# Budget Increases

Taxing districts can increase their budget by 3% each year that is passed to all property taxpayers in the district.

**Example:**

Current Year Levy Amount: \$1,000,000.00  
3% Increase: \$ 30,000.00 (paid by all taxpayers)  
New Fiscal Year Levy: \$1,030,000.00

Taxing districts can increase their budget by an additional 5% through new construction and annexations for a total increase of 8% to the levy. This additional amount only impacts the new construction and not existing taxpayers.

**Example:**

Current Levy Amount: \$1,000,000.00  
3% Increase: \$ 30,000.00  
New Construction: \$ 50,000.00  
New Fiscal Year Levy: \$1,080,000.00

# Budget Increases

Taxing Districts such as the City of Star utilize new construction maximum (8%) for increases so that existing property owners are not seeing an increase to their taxes via the budget. There are other factors that increase your overall taxes which we will talk about later.

Current Levy Amount: \$1,000,000.00  
(8%) w Construction: \$ 80,000.00 (no impact to existing taxpayer)  
New Fiscal Year Levy: \$1,080,000.00

A taxing district can also increase your taxes by more than 8% through a bond or levy that is approved by a public vote

Property Tax Burden in Star currently relies heavily on residential versus commercial:

93% Residential versus 7% Commercial

A good ratio to lessen the burden on residential owners is:

70% Residential versus 30% Commercial

As you see to the left, adding a couple higher dollar commercial buildings lowered the residential property tax burden.

You are starting to see the many commercial projects beginning to take shape in Star that will help with lowering the property tax burden on our residents.

Residential Valuations are outpacing Commercial Valuations creating a tax shift

# Star Valuations

Residential Property Taxes are based on Market Value and adjusted by the County Assessor yearly to match as close to 100% of the Market Value of comparable properties.

Commercial Property Taxes are based on Market Value plus other valuations such as Income, etc.

A Property Owner can appeal their assessed value through the board of county commissioners. A hearing will be held with the landowner, county assessor and the county commissioners. At the hearing, the commissioners will determine if an adjustment to the valuation of the property shall be made. This is called the Board of Equalization.

# Star Valuations

Below are ways homeowners can lower their property taxes:

- All primary lived in homes receive a \$125,000.00 homeowners' exemption
  - Rentals and secondary homes do not receive this exemption
